

## KIMBER's UPDATE - MAY 2026

Last November one of our Eswatini transmitters failed. Thankfully, the team were able to make temporary repairs to enable broadcasts to continue. I've recently returned from Eswatini after a three week visit. I took parts so we could repair that transmitter properly. The team also had a list of other transmitter issues they wanted investigated. Give thanks that the visit went well - we completed all the important tasks. It was also good to meet up with friends who we knew from the time we lived in Eswatini.

Please pray for the broadcasts from the Eswatini station. Some are broadcast into parts of the world where there is hostility to the Gospel.

We continue to be encouraged by the positive response we have to our broadcasts. Here is feedback from a listener in Afghanistan (from one of our Central Asia stations):

*"I was very devoted to my religion and followed all religious practices. I owned a clothing shop and often used dishonest ways in business. One day, a Christian customer came and said, 'May God bless you.' These words touched my heart and made me think deeply. I became restless and started searching for the truth online. One day, through the radio I listened to "The Way of Righteousness" program, I learned more about Jesus Christ. Now I am true believer. I stopped lying and changed my ways of doing business. Now I have more customers, even with smaller profits. I thank God for transforming my life and giving me peace."*

### Family news:

Last week, Thursday, was a special occasion for Jean. She is now a British Citizen! She said her vows at the Exeter registry office and we had refreshments at a community centre afterwards. She has now applied for her first British passport. Please pray it arrives soon.

Jessica & Bernice have started their exams. So far they've not gone as well as they had hoped. Please pray for their revision and remaining exams.

Thank you very much for your prayers,

**Graham & Jean**
